

Reach New Customers with Convenient, Flexible Lease Options

89%

of dealers agree they must find alternative ways to sell and service vehicles.*

Powered by intelligent software, FlexLease enables you to deliver a convenient alternative to traditional buying and leasing.

- ✓ **Create a new revenue stream**
Build consumer-first programs that use the structure of the lease while offering the flexibility consumers demand.
- ✓ **Dynamically determine pricing**
Price effectively with powerful Cox Automotive data that automatically accounts for mileage, depreciation and other variables.
- ✓ **Offer a personalized customer experience**
Create a personalized shopping experience using our intelligent, white label consumer app.
